2nd class - September and October

Beach trip, BBQ and Summer Memories

2nd class pupils were delighted to be reunited with their classmates in September and to welcome new pupil Callum to their class. We wrote about, drew and painted our summer memories, enjoyed some beautiful weather, made a class trip to the Burrow Beach and had plenty of food and fun at the Burrow BBQ fundraiser.

together

Family Trees and School in the Past

We interviewed our parents and grandparents to learn more about our family trees and school in the past. We drew our family trees and used print to add some beautiful autumn leaves.

Maths Week 12th-16th October

2nd class had great fun expanding their mathematical skills during maths week. We played maths games, drew shape characters, went on an exciting maths trail and solved a Halloween maths mystery. We also got some comfortable new blue chairs. Congratulations to Liam who was awarded Mathematician of the Week.

Skeletons and Spiders

In October it was our turn to decorate the Burrow display board. We made some stylish skeletons using cotton buds and wrote and decorated some interesting facts we had learnt about bones. We wove some spider pom-poms to decorate our classroom for Halloween. We are really looking forward to dressing up on Freaky Friday!
