

Junior Infants have had a busy Christmas term.

They were working hard in November; learning lots of new letters and sounds, starting their numbers in Maths, trying to improve their pencil grip, communication, sharing and turn taking skills. Junior infants also learned lots about Night and Day, Light and Dark and Nocturnal Animals. They learned about caring for pets and took part in their first 'Aistear' session' (learning through play) and had a fantastic time in our 'Pet shop' role play corner.

When Mrs Heath was out we had a lovely time being looked after by Ms Lynn, Mrs Gardener and Ms Dowd. We made 'Night and Day' art with Ms Lynn.

Then in December it was time to start practising for the Christmas carol service, to dress up in our Christmas jumpers in aid of Temple Street Children's Hospital and to watch the Christmas plays. But probably best of all was working in Santa's Workshop during our Christmas aistear playtime.
