An integral part of your child's application for a place and continued education in the Burrow School is signing up to the Code of Behaviour and the Anti-Bullying Policy. Please ensure that you read both of these important documents on a regular basis as your child progresses through the school.

INTRODUCTION

The Ethos and Anti-Bullying Policy frame the characteristic spirit of the Burrow School. The Code of Behaviour is underpinned by this ethos and is a framework of acceptable standards within which the pupils are expected to operate.

The School uses positive techniques of motivation and encouragement with a view to providing the atmosphere in which each child can develop to their own potential.

This *Code* can only be effectively implemented if there is co-operation and support at all levels – between pupils, staff, parents/guardians, Board of Management and Parents Association all striving towards the common goal of attaining high standards of what is acceptable educationally and socially for the children within the school community.

The spirit of co-operation, support and openness outlined in this Code of Behaviour is essential to ensure a stimulating and happy atmosphere, conducive to learning and laying the foundations for worthwhile citizenship in the wider community.

The *Code* provides a framework for effective and efficient running of the school. It is drawn up, and will be implemented, with the needs of each individual child's development and education in mind. Every individual child is important and is recognised by all concerned within the school community for his/her care, development and educational advancement.

If problems arise, it is important that these should be addressed at an early stage to ensure the happiness and well-being of the child within the school. The procedure of dealing with difficulties is laid down in the *Code of Behaviour*.

A spirit of openness is encouraged, and in matters not covered by this *Code of Behaviour*, suggestions, comments and indeed complaints should be made known and DISCUSSED. Teachers are available to talk with parents/guardians on any matter at a mutually suitable time at an arranged time afterschool (2.20 pm).

The Department of Education requires each National School Board of Management to draw up a *Code of Behaviour* in order to provide clear guidelines to staff, parents/guardians and pupils. This *Code* will be reviewed regularly by the Board of Management and may be amended or updated if deemed necessary.

SCHOOL ETHOS

- The Burrow School is a denominational school under Church of Ireland management and under the patronage of the Archbishop of Dublin and Glendalough. It is an inclusive school and welcomes students of other religions and those with no religious affiliation.
- The School aims to provide a happy secure atmosphere in which learning is enjoyable and where children can grow in confidence and independence.
- The school is part of a community which includes the pupils and staff, the local population, the State and ultimately the whole of society.
- We therefore strive to develop a sense of responsibility within the school, where children will co-operate with adults and their peers and help them to have an appreciation of themselves, the community, the world in general and the problems therein.
- The Burrow School has a strong tradition of personal commitment by the staff to the personal and academic welfare of each child. **This commitment is the base on which a happy school community is built which fosters tolerance, understanding, co-operation and respect as well as the educational advancement for all within.**
- The Burrow School recognises that each pupil has individual needs and abilities and that each develops at a different rate. Therefore we try to help children reach their potential and have a sense of satisfaction having done their best.
- Each child is encouraged and guided in the development of sound study skills and good work habits.
- The school seeks to develop pupils' thinking skills so that they will have questioning minds and know how to seek information for themselves.

The Board of Management supports the principles of:

- **Inclusiveness**, particularly with reference to the enrolment of children with a disability or other special educational need.
- **Respect for diversity** of values, beliefs, traditions, languages and ways of life in society.
- **Equality** of access and participation in the school.
- **Parental choice** in relation to enrolment.

All the relevant partners (pupils, staff, parents/guardians and management) in the school community work in unison to provide a safe, happy environment in which each child will be valued as a unique individual and their holistic development advanced appropriately.

AIMS AND OBJECTIVES

- To ensure that the individuality of each child is accommodated while acknowledging the right of each child to education in a positive learning environment.
 - To foster a self-esteem and self-worth in children by developing self-respect, respect for peers, for those in authority and for the environment of the child.
 - To achieve a high standard of behaviour through a strong sense of community within the school and a high level of co-operation between staff, pupils and parents/guardians.
 - To encourage learning by good example defined by those within the school environment.
 - To foster caring attitudes to one another and to the environment.
 - To devise school rules so that the health, safety and welfare of all members of the school community are protected.
-

LINES OF COMMUNICATION

If a parent/guardian is concerned about his/her child – either academically or socially within the school, it is imperative that any problem should be resolved as soon as possible. The procedure will be as follows:

1. Contact the class teacher to arrange a time to meet.
2. If unsatisfied, contact the Principal and or Deputy Principal and/or Senior member of staff.
3. If the situation still requires attention, contact the Chairperson of the Board of Management.

We would appeal to all parents/guardians to respect and adhere to these procedures.

FOSTERING GOOD BEHAVIOUR AND RELATIONS

The policy of the school is to encourage openness between parents/guardians and teachers to discuss the safety, welfare and well being of all pupils.

All the adults encountered by the pupils at school have an important responsibility to model high standards of behaviour, both in their dealings with the children and with each other, as their example has an important influence on the children.

It is essential that good relations and a positive approach should prevail between home and school. Parents/guardians are encouraged to foster the spirit of the Code.

If any negative misgivings about the school should arise, please ensure that these are never discussed within a child's hearing. *Beware little ears!*

The use of praise and reward for good behaviour encourages high standards of responsible behaviour among pupils.

Encouraging this good behaviour is key to creating and maintaining an orderly atmosphere conducive to learning in the school.

Where sanctions are necessary, pupils should understand that it is the behaviour that is unacceptable, not the pupil.

STANDARDS OF BEHAVIOUR

Part of the vision of the Burrow is to help children achieve their personal best. They will constantly be encouraged, praised and listened to by adults in the school.

Teachers have systems for rewarding good and respectful behaviour on an individual class basis. Across the age spectrum some examples may include sticker charts, pupil of the day, homework passes, golden time reward, etc.

UNACCEPTABLE BEHAVIOUR:

Three levels of misbehaviour are recognised: **Minor, Serious and Gross**. All instances of a minor nature are dealt with by the class teacher. In cases of repeated minor misbehaviour, and single instances or repeated serious misbehaviour, the parents/guardians and Principal and/or Deputy Principal and/or Senior member of Staff may be involved as early as is deemed appropriate. If there is an instance of gross misbehaviour, the parents/guardians and Principal will be involved immediately.

Examples of **Serious** Misbehaviour:

- Behaviour that is hurtful (including bullying, harassment, discrimination and victimisation).
- Behaviour that interferes with teaching and learning.
- Threats of physical hurt to another person.
- Damage to property.
- Theft.
- Using mobile phones on or other electrical devices during school time.

Examples of **Gross** Misbehaviour:

- Assault of a teacher or pupil.
- Serious theft.
- Serious damage to property.

Please note: the Burrow School maintains a very strict policy on Bullying. We ask that all parents/guardians familiarise themselves with the school's dedicated anti-bullying policy.

DISCIPLINARY PROCEDURES

The Board of Management has ultimate responsibility for behaviour in the school. The Code of Behaviour is formulated by the Principal and teaching staff. The Principal has overall responsibility for the execution of this Code within the school community.

The “Procedure” is as follows:

1. Each teacher has responsibility for the maintenance of good behaviour within his/her classroom; while sharing a common responsibility for good order on the school premises.
2. A pupil will be referred to the Principal and/or Deputy Principal and/or senior member of staff for cases of repeated misbehaviour, serious misbehaviour or gross misbehaviour.
3. Parents/guardians will be contacted as soon as is appropriate.
4. If necessary, the Board will become involved.

Note that a separate set of procedures come into effect once the Board has become involved. These are detailed in Appendix A.

Possible ‘Actions’ are as follows:

Throughout these disciplinary procedures, any of the following actions may be applied at any time at the discretion of the teacher and/or Principal:

- Reasoning with pupil
- Verbal reprimand including advice on how to improve
- Apology to other party involved
- Temporary separation from peers within class and/or temporary removal to another class
- Prescribing extra work
- Writing out the sequence of events as to what happened
- Loss of privileges
- Detention (15 minutes after school) – The Principal can issue a warning for detention if deemed an appropriate punishment. If 3 warnings are given then it is detention after school for the following day 2.15 – 2.30 pm. Parents will be notified of this in the home work journal.
- Communication with parents/guardians
- Referral to Principal
- Principal communicating with Parents/Guardians
- Exclusion (Suspension or Expulsion) from school

In the administration of this section of the Code of Behaviour, it is essential to point out that **it is the child’s behaviour which is being rejected, not the child.** It is extremely important that the **dignity of the parent/guardian, child and teaching staff is respected at all times.**
