

## First Class

We have had lots of fun since starting back in September!

We have been busy creating an eBook on the iPads with Eoin, practicing the violin with Jenna, learning new skills in GAA with Paddy and doing lots of exercises in Sports Conditioning with David and Stephen.

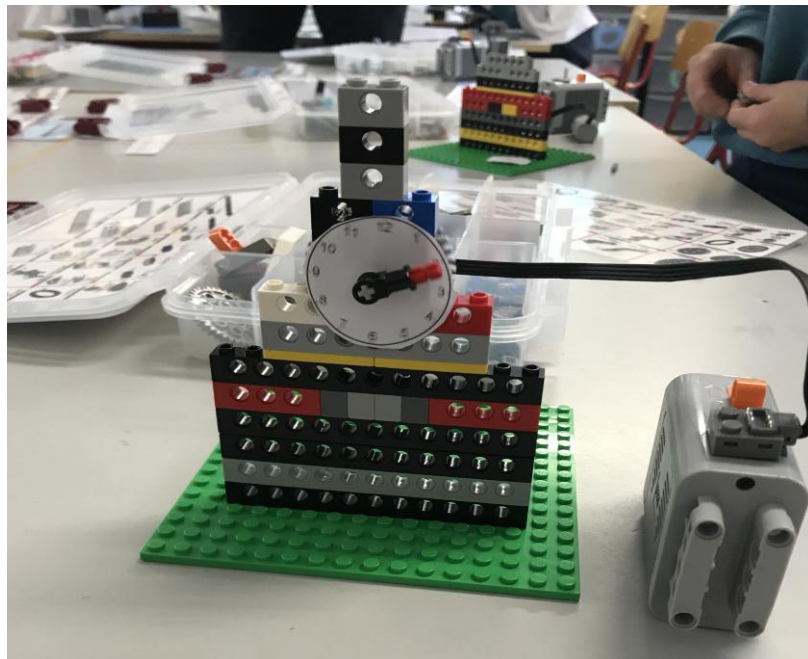

### Picker Pals

We are very excited to be taking part in the 'Picker Pals' initiative. This will include the children in First Class taking home a 'Picker Pack' and going on a short walk to collect a few pieces of litter. Patrick Jackson has been in our class over the past few weeks launching the 'Picker Pals' programme and introducing the very catchy song 'Picker Pals'. We look forward to starting this after Mid-Term.

## Bricks 4 Kids

We also had a visit from 'Bricks 4 Kids'. We were busy following a manual and using Lego pieces to build a Tower Clock. We even connected a battery pack to make the clock spin! We had lots of fun and really enjoyed building our own models!

Finally, we hope everyone has Happy and safe Halloween!
