

First Class

First class have been very busy during the summer term!

We have been continuing with our violin lessons and we are excited to perform our songs at the end of term!

In science we were figuring out ways to move a paper clip with a magnet without touching it!

Some of us got very inventive!

We were learning all about animal habitats and completed some fantastic research projects on a habitat of our choice!

With the lovely weather we've had, we were lucky to be able to make a trip to the beach!

We've also been keeping super fit during Active Week! We've done lots of activities and have had lots of fun!

Finally, we hope that everyone has a wonderful summer with lots of good weather! 😊
