

First Class

2019-2020

First class gave an inspiring performance at assembly about teamwork in anticipation for Ireland's first match in the Rugby World Cup. This included a wonderful rendition of 'Ireland's Call'.

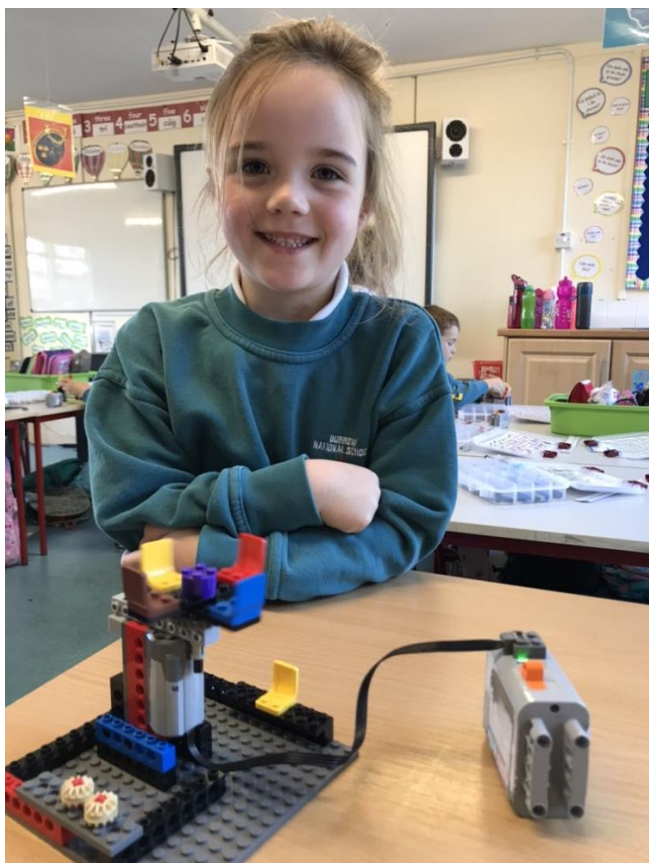

We took part in a day of activities, sports and games, organised and run by sixth class. It was a lot of fun!

Bricks4Kidz came into first class. We thoroughly enjoyed making a battery-powered carousel.

First class girls enjoying the lovely sunshine in the garden, while it lasted!

Reuben the Entertainer joined us for an interactive and engaging insight into his new book.

Phil from ArtZone visited our classroom where he showed us how to make a witch topper for our pencils, using air dough. Just in time for Halloween!

We have been working very scientifically in first class. We carried out many experiments, including making our very own spooky ghosts.

We had a fantastic six weeks down in the Sutton Lawn Tennis club where our coaches, Rob and Pat, gave us lots of tips such as, how to serve and take the correct tennis scores.

We celebrated both maths week and book week quite fashionably in first class.

Everybody designed and made their own, unique maths hats.

We even dressed up as a character from our favourite book to mark world book day. First class truly are brilliant bookworms.
