

Here is what 5th class got up to this term.

While the weather was nice, we went to the beach to play football rounders and we had a sandcastle competition!

We did a poster competition for the FAI campaign of 'Give Racism the Red Card'. Here is one by Piper.

We have been enjoying the spacious garden and new furniture.

We created some beautiful nature art inspired by Andy Goldsworthy.

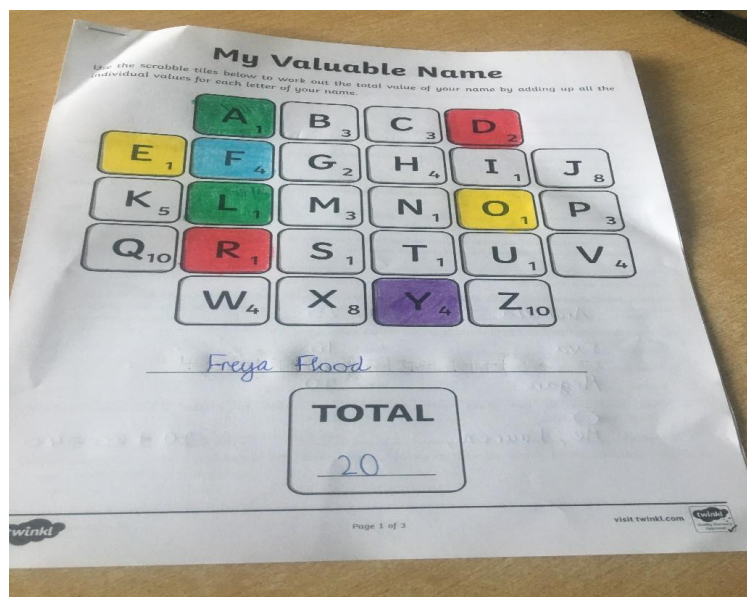

We were busy during maths week:

We did a car registration hunt and trail.

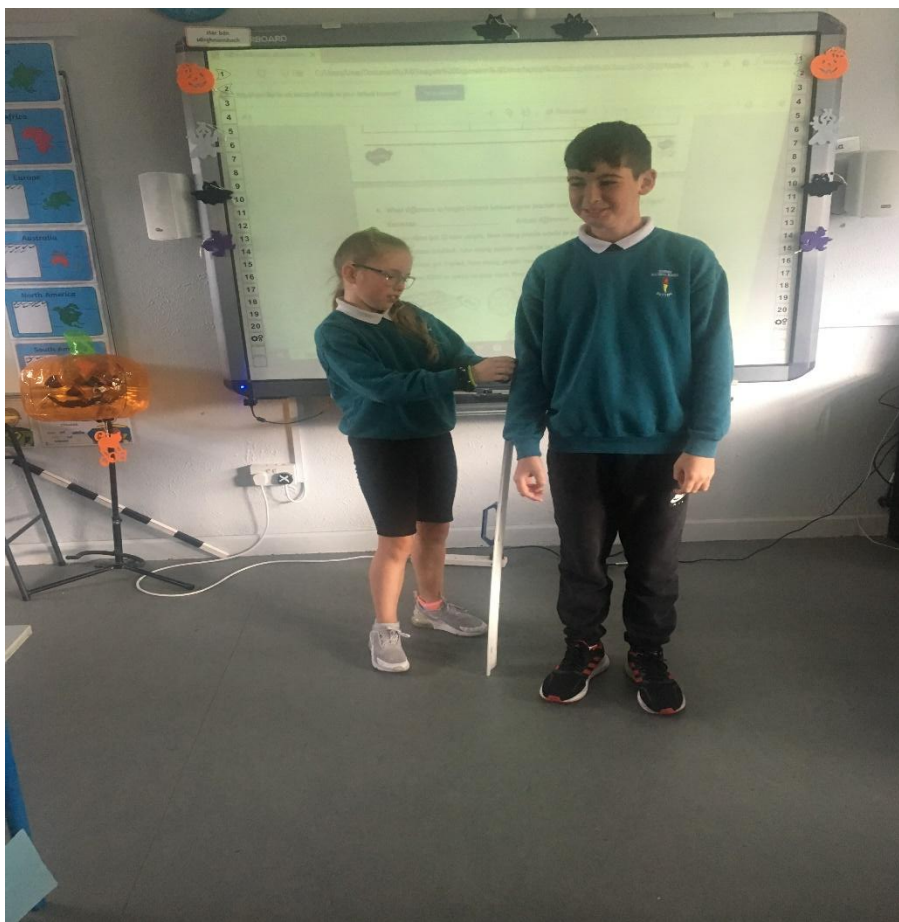

We completed word value challenges.

We estimated and counted star jump.

We measured and compared heights of people in the class.

We completed Isaac 9 challenges in pods.
