

FIRST CLASS

We soaked up the last of the September sun with trips to the beach, reading in the garden and were even treated to a delicious burger and ice-cream at our whole school barbeque!

We learned about swallows and their migration to warmer climates.

Although school life has changed in some ways this year, First Class are very lucky to be able to continue with the Picker Pal initiative.

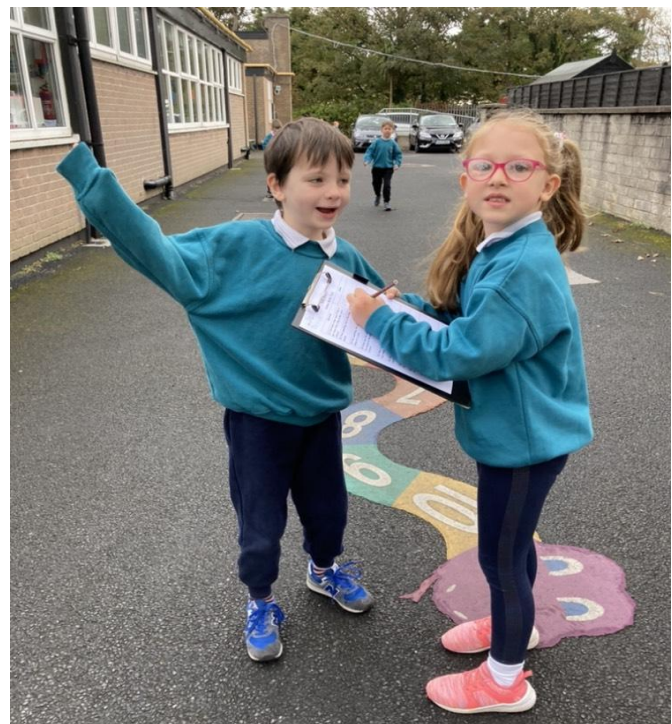

GAA with Paddy is back on Friday mornings and First Class couldn't be happier!

We were busy during Maths week. We had lots of fun with our Maths stations.

We even took part in a Maths trail around the school grounds!

First Class are very excited for Halloween. We practised our cutting skills as we made spooky, symmetrical pumpkins.

From all of us in First Class, we wish you a very happy, enjoyable and safe Halloween!
