

## Newsletter 4<sup>th</sup> Class September 2021

Fourth class have been very busy throughout September. Here are some of our highlights from the year so far:

### History:

We visited The National Transport Museum. It was an amazing experience that was thoroughly enjoyed by all. How lucky are we to have this museum on our doorstep?!

## Our Amazing Artwork:

We experimented with colour mixing. We mixed the primary colours: Yellow, Red and Blue  
Ask us how to make green, orange and purple.

We also focused on the theme of transport in art and created some 3D hot air balloons. We learned how to weave paper.

## English:

We celebrated Roald Dahl Day on 13<sup>th</sup> September. We watched the animation of his 'Revolting Rhymes' and created our own book covers for some of our favourite novels.

## Culture Week:

We took part in a 'Draw Along Workshop' with Laureate na nÓg. Children's Irish author Áine Ní Ghlinn shared one of her short passage from her story 'Boscadán' (as Gaeilge). Special guest illustrator Tarsila Krüse gave us step by step instructions to help us draw 'Róbó'.

### Virtual events:

The Ark hosted a free video workshop with Duffy Mooney-Sheppard. In this video workshop, we discovered stories and wisdom associated with native animals and created a miniature sculpture of one using marla.

The Education Centre interviewed their first author (and a favourite of 4<sup>th</sup> class) David Walliams, in their new 'inspiring authors' series. We are looking forward to watching interviews with many other inspiring authors over the coming weeks.
